4 - No quadro que abrir escolha as opções "Load from all locations wilhout displaying a warning" e "Load acad.lsp once at the start of the session" e clique em "OK":

Executable File Settings	x
These settings restrict the locations from where executable files are loaded. This help protect against malicious code in executable files.	os
Secure Loading	
Choose the method to autoload executable files:	
Load from all locations without displaying a warning	
\bigcirc Load from Trusted locations, display a warning for other locations	
O Load from Trusted locations only	
Trusted locations are specified on the Files tab.	
Automatic Loading	
Choose the method to load acad.lsp:	
Load acad.lsp once at the start of the session	
O Load acad.lsp when opening each drawing	
OK Cancel Help	

- 5- No autocad , vá em Tools Load Application ou digite o comando "APPLOAD" <ENTER>;
- 6- Clique no botão "Contents";
